

# Civic Symphony's Thirteenth May Festival of Arts Due on Friday

The Civic Symphony is bringing the 13th annual May Festival of the Arts to Redondo Union High School Auditorium building on Friday, Saturday and Sunday.

The ideals which inspired the founding of the May Festival by the Civic Symphony with Elyse Aehle directing 13 years ago are still the same. They are to bring the fine accomplishments of our artists before the people, not only of our community, but of all art-lovers everywhere.

It is hoped to encourage artists of all kinds; musicians, dramatists, dancers, painters, sculptors, and all other artists,

to higher and greater efforts. Also, by bringing world-famous artists to perform here and to show their work here they hope to inspire all who visit the festival to greater interest and greater cultural achievements.

HOW WELL the festival has succeeded in their purpose may be judged by comparing the small interest in art 13 years ago with the cultural progress shown today. All art in this area has felt the impetus and high ideals provided by the May Festival of the Civic Symphony.

This year the display of paintings will open Friday at 5 p.m. and close Sunday at 5 p.m. The show will be unusually large and of unusually high caliber.

ON SATURDAY evening will be the only performance of the Civic Symphony and the Tupin-Clare Ballet La Juenesse. At that time the Symphony will play the famous "Drum Roll" Symphony by Haydn, and a Suite of dances

by Khatchaturian and will play the Five Spanish Dances by Moskowski which will also be danced by the Ballet La Juenesse.

The magnificent Don Jose pas de deux, and the modern Balletiques will also be performed by the company which has been called by the Dance Magazine, "America's most exciting young dance group."

Admission to all the Festival is free.
